ABOUT US

Pak Plasti Pack Industries (Pvt) Ltd was incorporated in 2014 and since then the company has been manufacturing quality Polypropylene Woven Bags.

Since the inception, the company has gained a significant reputation by supplying exceptional quality within the desired delivery time.

The company's state of the art manufacturing unit is situated near the seaport Bin Qasim, Karachi and is being operated by well trained and highly skilled staff. The state of the art manufacturing facility consists of exemplary factory building of 38,000 square feet (approx), latest high speed machinery from the most reputed supplier 'Starlinger', with auto cutting, auto stitching and multi colour auto printing machines.

The current production capacity of the manufacturing unit is 100,000 bags per day and the company is working to expand the capacity due to the increase in demand of our quality products.
